

Power workboats from Victum Marine AB

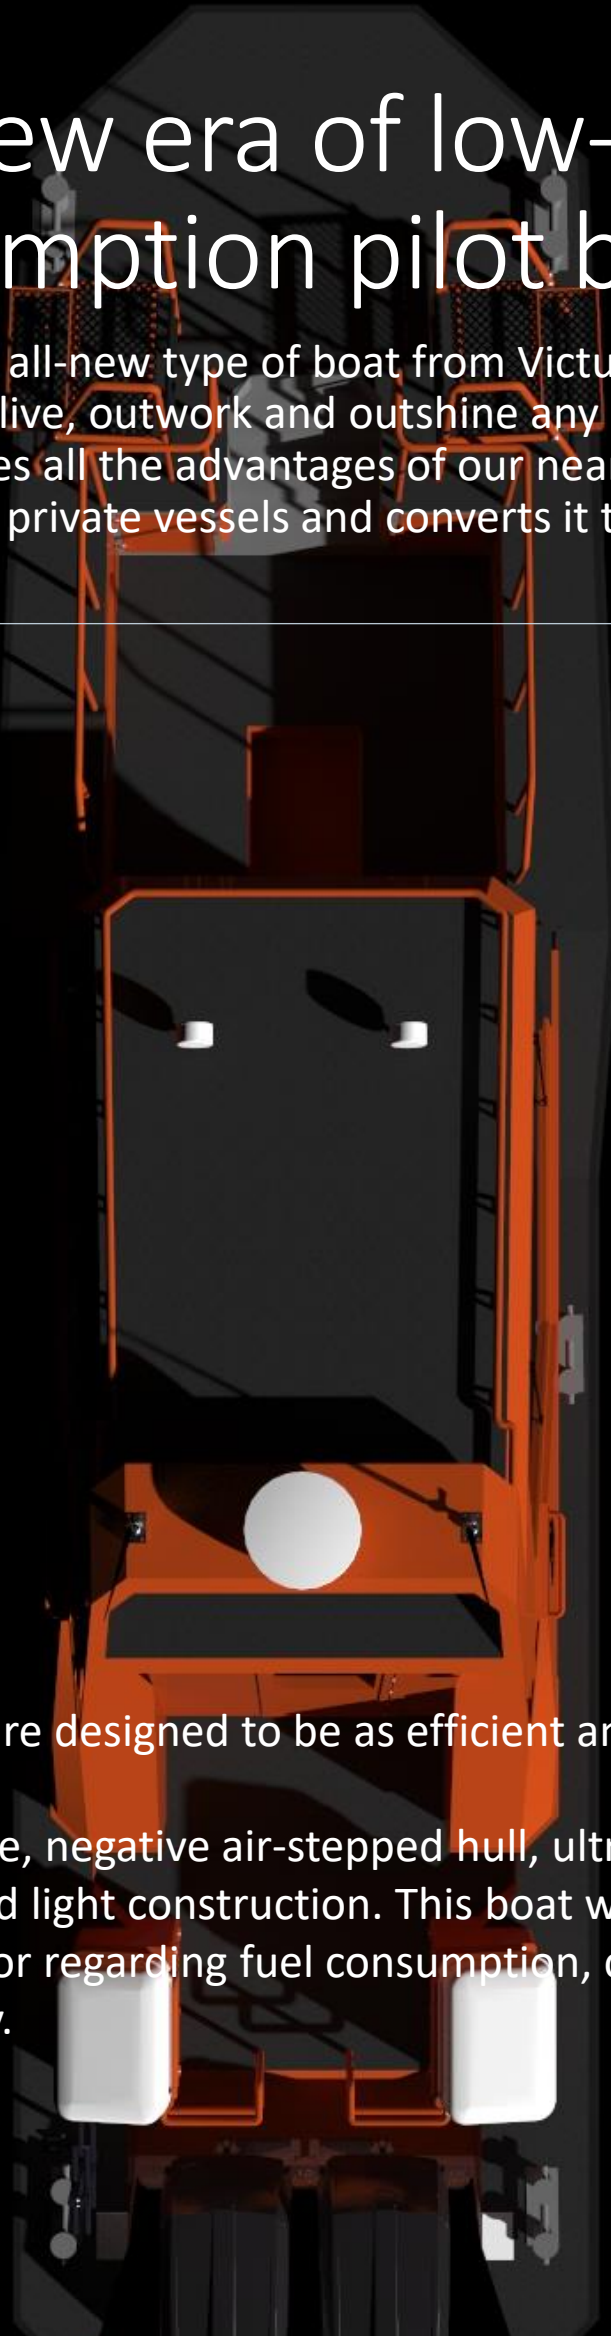

RAWHIDE 127
PILOT EDITION

The new era of low-consumption pilot boats.

The 127 is an all-new type of boat from Victum Marine. A boat to outlive, outwork and outshine any competitors. This boat takes all the advantages of our near to none maintenance private vessels and converts it to a heavy-duty working tool.

These boats are designed to be as efficient and economical as possible.

With her triple, negative air-stepped hull, ultra efficient outboards and light construction. This boat will outshine any competitor regarding fuel consumption, comfort, speed and durability.

Boat facts

Rawhide 127

Overall

- Length over all: 12,55m
- Width over all: 3,25m
- Hight from waterline (to none foldable equipment): 2,65m
- Total boat hight (from keel to top of none foldable equipment): 3,45m
- Dry weight: 3420kg
- Fuel capacity: 2x500L
- Maximum loading capacity (dry boat): 3350kg
- Maximum load capacity (fully fuelled and 7 passengers: 1450kg
- Maximum number of passengers: 10
- Number of seating inside: 7
- Number of seating aft deck: 2
- Suspended seats inside: 2
- Maximum kw: 515kw
- Top speed (maximum kw): 46 knots
- Sea category: C
- Hull warranty: 3 years

Deck surface

Bow deck dimensions:

- Width bow: 2,12m
- Length (to staircase): 2,51m

Aft deck dimensions:

- Highest width: 2,25m
- Highest length: 1,31m

Side deck dimensions:

- Centre of cabin: 0,21m
- Forward of cabin: 0,5m
- Aft of cabin: 0,4m
- Aft deck side: 0,59m

Engine well dimensions:

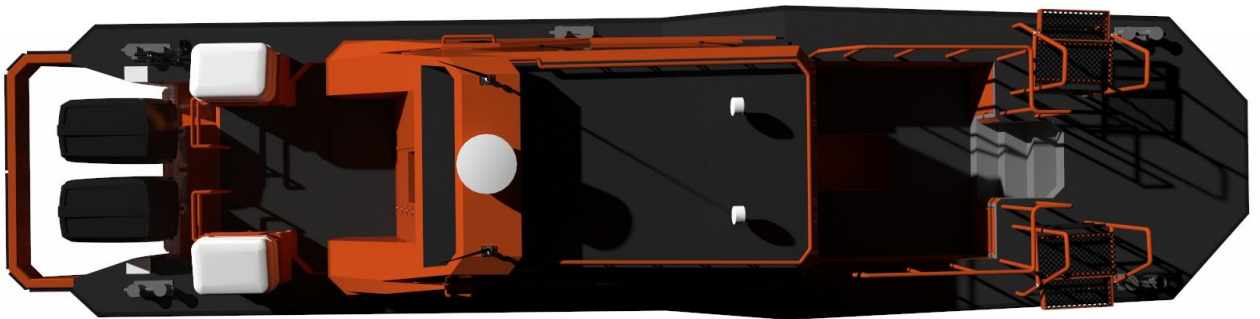

- Highest width: 1,88m
- Length from transom to railing: 0,7m

Boat facts

Rawhide 127

Railings

- Railing height from aft deck: 0,9m
- Railing height from aft side deck: 0,7m
- Railing height from bow deck: 1,46m
- Railing height from bow side deck: 0,8m
- Railing material: Aluminium
- Alloy: 6063

Boat facts

Cabin layout

Rawhide 127

- Length over all: 4,61m
- Width over all: 2,62m
- Hight from aft deck (to none foldable structures): 2,1m
- Hight from bow deck (to none foldable structures): 2,28m
- Hight to roof from aft deck: 1,83m
- Hight to rood from bow deck: 1,73m
- Entrance width from aft deck: 0,66m
- Entrance width from bow deck: 0,61m
- Ceiling hight most forward position: 2m
- Ceiling hight most aft position: 2,2m
- Material: Aluminium
- Alloy: 5058
